

Last update: September 01.2020

Please note:

Application software ASDO on PCs with Microsoft Windows 10:

- You need administrator rights on the PC to install and use it!
- If the operating system does not automatically install the USB interface drivers for the OTT Parsivel² when connecting: USB interface drivers must also be installed with administrator rights (Windows device manager)!

How to install the update

- If ASDO application software is still running: quit the program.
- Download the file "Setup_ASDO_V1150_EN.exe" on your PC.
- Start the file "Setup_ASDO_V1150_EN.exe" -> the "InstallShield Wizard" (installation program) opens.
- Follow the installation instructions on the screen.
