

## It's easy to recycle!

Hach strives to ensure it acts in a responsible way regarding the potential impact of our products on the environment, by recycling wherever possible.

To place an order to dispose/recycle your used **LCK reagents**, please complete the recycling request form below (ensuring all mandatory fields\* are filled in). Save it to your computer, submit it via email, and then await pick-up confirmation.

**PLEASE NOTE:** All LCK cuvettes must be placed in original packaging supplied before collection can be made.  
*For any other reagents requiring disposal please contact us for prices.*
