

Is Your Hach Equipment  
Holding You Back?  
Don't Get Left Behind

**UPGRADE NOW!**

The Solution: Upgrade to Hach's Latest Innovations! Discover how upgrading your Hach instruments can transform your operations, providing peace of mind, enhanced performance, and significant long-term benefits.

## PROCESS INSTRUMENTATION

Old	UPGRADE	Advantages
1720e or FT600 Turbidity Analyser 	TU53/TU54 Turbidity Analyser 	<ul style="list-style-type: none"><li>• Groundbreaking 360° x 90° detection technology</li><li>• Matching lab and online results</li><li>• Easier maintenance and auto cleaning</li></ul>
CL17 Chlorine Analyser 	CL17sc Colorimetric Chlorine Analyser 	<ul style="list-style-type: none"><li>• Maintenance made easy</li><li>• Expanded connectivity</li><li>• Increased flexibility</li><li>• Peace of mind through comprehensive diagnostics</li></ul>
LDO 1 Dissolved Oxygen Sensor 	LDO sc 2 Dissolved Oxygen Sensor 	<ul style="list-style-type: none"><li>• No calibration required</li><li>• No missed cleaning cycles</li><li>• No membranes to replace</li><li>• No-drift technology</li></ul>
Nitratax sc Series Sensor 	NT3100sc UV Nitrate Sensor 	<ul style="list-style-type: none"><li>• Improved accuracy and low-level detection</li><li>• Internal smart sensors to proactively alert you of potential measurement issues</li><li>• No time for downtime</li></ul>

**Don't wait until spare parts are unavailable!** Take advantage of special upgrade discounts valid until **20 December 2025**.
