

SC4500 Software Package 1.91 – 2022.3 R1

Release Notes

This document contains details about the latest release of SC4500

Release date: November 16, 2022

What's new – Feature

Password protection Basic/Admin

You will now be able to define a password protection level which will be requested when accessing some predefined menus. When activated, this password will be requested the first time you try to access one of these protected menus. Once validated no further password request will be made within the next 30 minutes. You can find the full information within the User Manual SC4500 available at <https://www.hach.com>.

What's new – Improvements

Bug fixes and stability improvements

What's new – Claros

Improvement for Claros connected devices

Check this page for a full list of software releases, upgrades, and technical specifications for Claros, the Water Intelligence System from Hach.
