

Mobile Water Treatment

Water When and Where You Need It

aria^{FAST}

Preplanned Shutdowns • Emergency Response • Bridge Solution • Temporary Water Demand Changes

Aria FAST mobile water units deliver the water you need, when and where you need it. Our mobile systems are easily installed and produce high-quality water in as little as four hours after utility connections are complete.

Benefits of Aria Mobile Water Units

- High Performance & Reliable
- Technical Expertise
- Immediate Water Solution
- Flexible Options
- Remote Monitoring
- On Site Services

Key Applications

- Incoming water treatment
- Boiler feed water
- Cooling tower blowdown
- Drinking water
- Wastewater treatment and re-use
- Wastewater discharge treatment
- Mine water discharge treatment
- Desalination
- Wastewater

Additional Pre and Post Treatment Technology

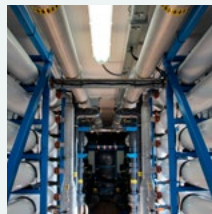

- MMF
- Lamella Clarifier
- Ion Exchange
- eCoagulation

Chemical Partner

- ChemTreat

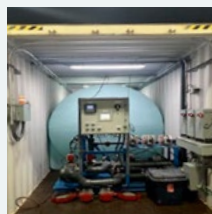

Microfiltration (MF)

Reverse Osmosis (RO)/ Closed-Circuit Reverse Osmosis (CCRO)

Ultrafiltration (UF)

Neutralization Skid pH control and de-chlorination

Flow Range
